ELITE GROUP

DEFINITION:

ELITE is a full grain aniline-dyed leather made from the best raw hide selection. Elite leather has an all natural heavy grain texture with visible natural marks. A very light surface treatment has been added for increased protection. The thickness between 1.4 to 1.6 mm of Elite contributes to its robust nature – yet Elite still remains pliable and soft. This natural leather breathes well and responds easily to body temperatures while the look and feel improves with age. With its luxurious feel and rich, warm, glow – Elite is the natural choice of those who demand the very best.
