## Ergonomic Features

- The fixed form of the seating position ensures the most ergonomically beneficial posture, at all reclining angles.
- Reclines to a physician-recommended position for pressure relief for the spine.
- The Adjustable Headrest feature allows you to customize the angle of the headrest of the Perfect Chair® to maximize head support while you are reading or watching television.
- Getting in and out of The Perfect Chair® is made simple with our uniquely designed leg rest and seat positioning system.
- Finger tip recline release control is effortless to use.

## Design Features

- Architecturally designed to complement any room decor.
- Rugged steel frame to ensure your Perfect Chair® lasts for years.
- Engineered with ball-bearing recline system for smooth, quiet operation.
- Single apparatus braking release is unobtrusive, easy to access, and requires minimal effort to engage.

## Before Using The Perfect Chair

The Perfect Chair® is designed to be used by just about anyone, and if treated like any other fine piece of furniture, it will last for years. However, there are situations where improper use or care might cause damage to the product. Specifically, please note the following:

- The chair is designed for individual use and for body weights under 285 lbs.
- Do not sit on the chair arms under any circumstances.
- The chair is intended for stationary use, not for rocking.
- Always recline in the chair slowly to maintain optimal control of the suspension system.
- Keep fingers and loose clothing away from the guide rails at all times.
- This product is not designed for use by disabled people or children without adult supervision.

# Using The Perfect Chair®

To ensure maximum enjoyment of The Perfect Chair®, please follow these instructions:

## Prepare the Chair

---

Before sitting down, check to be sure the chair is in the complete upright position:

1. Release the brake by lifting up on the brake release handle on the front of the left armrest and pull the backrest forward until it stops.
2. Let go of the brake handle to lock the chair in this position.
3. Now you are ready to sit down in your Perfect Chair®.

## Adjust Recline Backward

---

1. While seated, hold onto both armrests.
2. Release the brake by pulling up on the brake release handle.
3. Lean backwards and recline to your desired position.
4. Let go of the brake handle to lock the chair in the new position.

## Adjust Recline Forward

---

1. While seated, hold onto both armrests.
2. Release the brake by pulling up on the release handle.
3. The chair is now free to tilt forward or backward.
4. To move into a more upright position, pull up on the armrests with your hands, while applying slight downward pressure with your elbows until you begin to move forward. (This technique will be acquired after the first few times you use the chair.)
5. When you have reached the desired position, release the brake handle, the chair will automatically lock into the new position.

## Getting Out of the Perfect Chair

---

1. Hold onto both armrests.
2. Release the brake by pulling up on the brake release handle.
3. Pull upward on the armrests with your hands, while applying slight downward pressure with your elbows, until you begin to move forward.
4. Use your forward momentum to raise the chair to its complete upright position.
5. Release the brake handle to lock the chair in the upright position.
6. Use the armrests for support to stand.

## Adjusting the Head Rest

---

The Perfect Chair® adjustable Headrest feature provides for comfortable support of your head at an optimum angle while reading, conversing, or watching your favorite media:

1. While seated in the chair reach up with both hands and grasp both sides of the head rest.
2. Tilt the head rest forward or backward to suit your comfort needs.
3. The head rest has been engineered to stay in the position you set until you choose to move it again.

## MOVING YOUR CHAIR

If you want to move your chair to a different location, be sure to do the following:

- Have another person assist you.
- Lock the chair in the fully reclined position before moving.
- Lift the chair from the base, not the armrests or suspension system.

## BEAUTY CARE

Use the following tips for keeping your chair at its best:

- Avoid placing the chair in direct sunlight or extreme weather conditions.
- Use water-based cleaners only.
